RE: Acceptable Water Sample Analysis at 9161 Old Stage Road in Wayne Township

Dear Mrs. Raab:

Please find enclosed a copy of the water sample analysis report for the water sample collected from the bathroom sink at the above referenced address on March 25, 2025.

The laboratory analysis indicates the sample results are below the maximum contaminant levels set forth in the Ohio Administrative Code Chapter 3701-28 and Ohio EPA's standards. Based on these results, the water sample is considered **acceptable** for human consumption at this time per the Ohio Administrative Code 3701-28 Private Water Systems Rules.

If you have any questions, I can be reached in the office at (513) 695-1801 or by email at tincal@warrencohealthoh.gov

Sincerely,

Abby Tinch, REHS
Private Sewage and Water Programs
